Crown Sports Lockers 184530 Self Installation Range

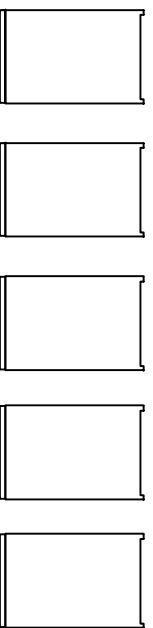

INSTRUCTIONS

Measure your Changing Room, then using the Scale Ruler provided draw a floor plan marking the position of any doors, windows or other obstructions.

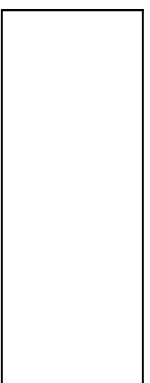

Stick the templates to a piece of stiff card, and cut them out.

Using a fine pencil you can then draw around the templates and create your own design.

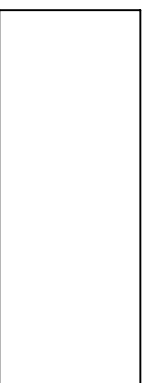

Note: It will not be necessary to cut out all the units as they are modular just make sure that they are clearly marked for counting purposes.

Cut out and fold along the dotted line to create a scale ruler relevant to space plan parts.

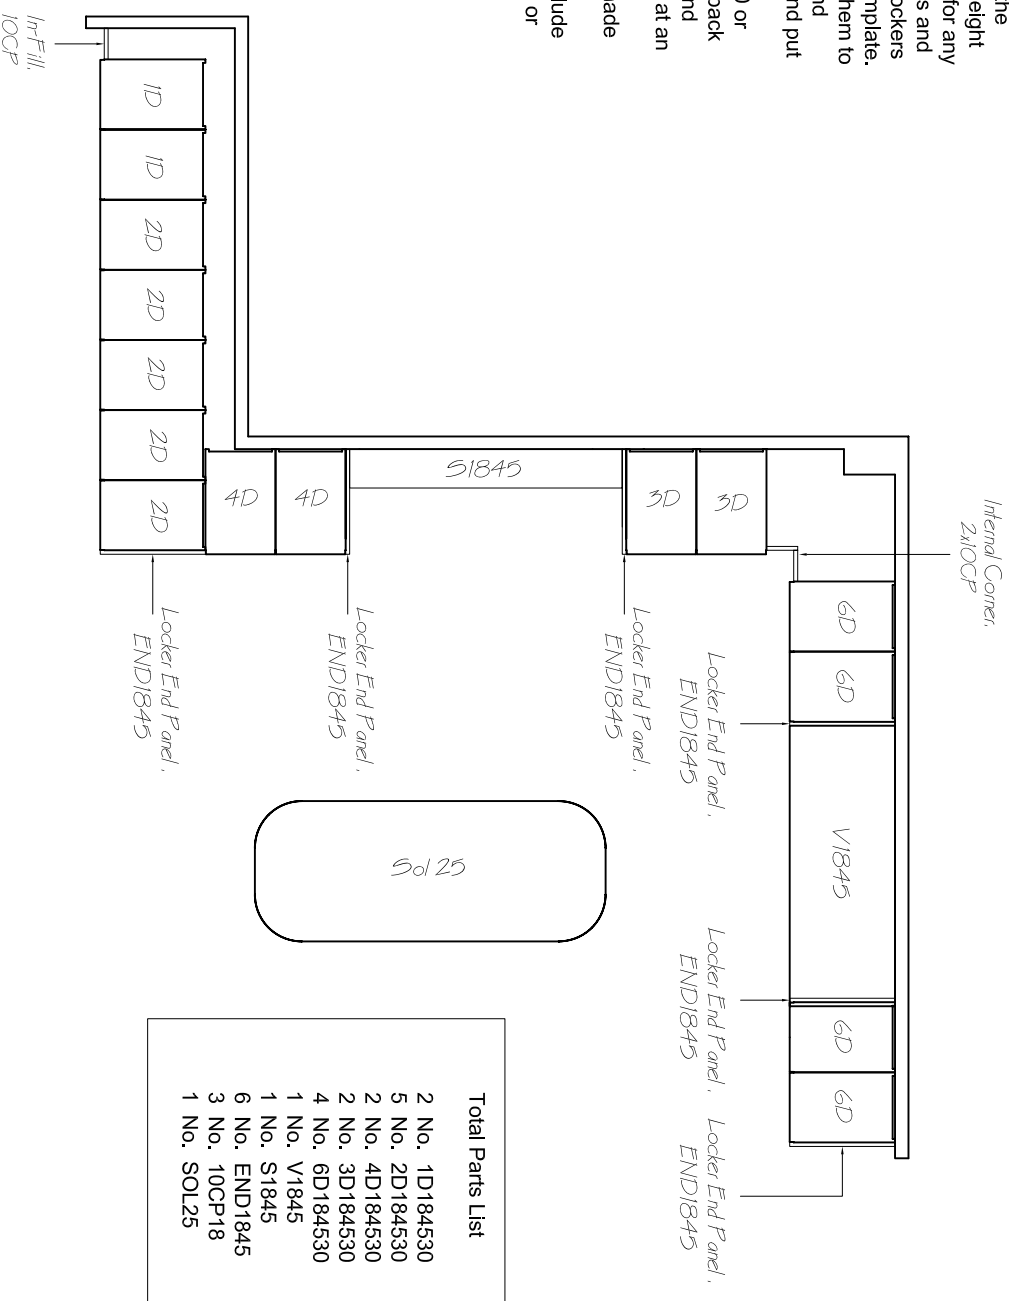

Crown Sports Lockers 184530 Self Installation Range

Instructions

Draw area to be furnished, marking on the plan any obstructions such as pillars, walls, windows and doors etc. also make sure that you have enough height clearance for the lockers 1.8m plus the plinth height of 100 or 150mm also check for any obstructions like heating pipes and ventilation systems. Add the lockers and accessories using the template. Count up the totals and add them to your list. To find your price and order return to the web site and put in your totals.

The plinth should be built 100 or 150mm high finishing 50mm back from the front of the locker and flush to the side of the locker at an open end.
Alternatively use our ready made plinth system.
The above finishing sizes include any cladding i.e., tiles, carpet or waterproof board.
